

Eudaimonia Guarantee

YOU WILL BE HAPPY, WE GUARANTEE IT.

Here at JOMA, we are different. Even our guarantees are different. It is our goal to work with positive, flexible people who understand that we are entering into a uniquely stressful relationship involving your personal home, money, and more decisions than you might have thought possible.

Our guiding principle, which is a variation of the Greek term **eudaimonia**, is “be happy with what you do and who you do it with”. When you choose to work with us you will be happy.

Eudaimonia | noun |
Definition: 1: a contented state of being happy, healthy and prosperous; the highest human good

Happy...

- ... about the process.
- ... about the budget.
- ... about the schedule.
- ... about the finished product.
- ... to have chosen to work with us.

and Happy to recommend us.

In order to fulfill this guarantee you will have responsibilities as well:

1. Recognize we are professionals. With a combined 75+ years in the construction business and over 650 jobs completed in the Athens area has provided a vast amount of experience.
2. Agree to utilize systems and programs we have in place that allow us to efficiently run your project. We have found a system that works well as a communications platform between JOMA and you.
3. Understand that there will be factors beyond our control. Major weather events, for example, have the potential to significantly slow down our projects, as do family emergencies, supplier delays, etc.
4. Respect the work/life balance of the JOMA team. We have seen many construction companies fold under the pressure of constant work demands. This is a family business and our first priority is just that: family.
